({“Bi0007”})

Ives Aerospace Consulting L.L.C. Ionic Bomb

Project Scope:

This project under the Ives Aerospace Consulting L.L.C., the business, is to develop, and create a **New Mass Destruction** weapon composed of a combination of **Non-Radioactive** element potentially including elements, as well as Isotope potentially including isotopes hereby known as the combination of resulting factor being called “Bi0007” (See bolded section “Isotopes with Mass - Bi0007”) with **ZERO RADIATION** equal to the exact ***Theory Limit after detonation*****.** This is in preparation of use, of internal testing, ***LIVE TESTING***, and future use of the Ionic Bomb or multiple Ionic Bomb in time of war, presented to and provided to ***The United States of America*** **Department of Defense**, and the subsidiary of The United States of America Department of Defense, The United States of America Military, for International Mass Destruction.

Prior and hereby the Ionic Bomb can be referred to in this bid proposal, working document, and verbally after and before bid acceptance, of the “Ion Bomb”, “SMIsh” or “<Ionic/Bombs3 She Bang>”.

Mission Statement:

To protect the people of The United States of America, and The North Atlantic Treaty Organization, while delivering the Ionic Bomb to **The United States of America** Department of Defense for use of **National Security,** as well as potentially in conjunction with International security of Nation or Nations.

End Product Result:

Loose Crowd; (10 sq ft/person) individuals are **roughly** an arm's length apart and can move freely per the definition. Minimum and Maximum square feet projected per Ionic Bomb to be 380,000 persons per Ionic Bomb at the time of live testing outside of indoor testing room and multiple of indoor testing room. The Ionic bomb will contain **Zero Radiation** after detonation as mentioned in this document, and the mass destruction of 38,000,000 square feet, per Ionic Bomb sold The United States of America Department of Defense.

NAICS: 339999
Code: 1115

Wet Signature:

This is Ives Aerospace Consulting L.L.C portfolio and document to The United States of America Department of Defense for the bid of NAICS: 339999 Code: 1115 the "Ionic Bomb" and or multiple "Ionic Bomb".

The Ionic Bomb is to be worked on by Ives Aerospace Consulting L.L.C. with or without sight, input, and suggestions from The United States of America Department of Defense after and before award acceptance.

"Brandon William Ives", may also be referred to in this portfolio and document as "Brandon Mother Fucking Ives".

Wet signature of Ives Aerospace Consulting L.L.C. **owner** is needed for **live testing** environment outside of indoor testing room or multiple indoor testing room, only following the completion of live testing, may the Department of Defense wet signature, or multiple wet signature of, the detonation of Ionic Bomb or Ionic Bomb multiple of, be signed of The United States of America Department of Defense in conjunction with singular wet signature of The President of The United States of America of time of signature.

Name: "Brandon William Ives". Founder: "Ives Aerospace Consulting L.L.C.". Position: "Owner". Unique Entity ID: "IDP4T4CGGZ2XL9".

Isotopes with Mass - Bi0007:

Samarium-154 (Sm-154) and Argon-36 (Ar-36)

Sm-154 plus Ar-36 exact ratio of both combined equals Bi0007.

Ar-36 + Sm-154 = Bi0007

Bi0007 Blast Radius: The square feet of 38,000,000 sq/ft per Ionic Bomb within 10% reason equal to an error rate of 3,800,000 with goal being within 2% reason equal to an error rate of 760,000.

Ratio: Breakdown percentage of element or elements with or without breakdown percentage of isotope or isotopes to .01% and then add together to get exact ratio of where Bi0007 is produced equating to the **Bi0007 Blast Radius**.

Example: Amount of Y and X; where Y = Ar-36, X = Sm-154.

Example 0 —> % of Y = % of X ; % equals exact amount of Ar-36 and of Sm-154 needed and needed to meet goal.

(Creating)

Example 0.01 —> Y1 = X1 => Bi0007

Example 0.001 —> Percent of Y equals percent of X where percent is the change in origin of Y and origin of X to create the derivative of X and derivative of Y for the new Mass of element isotope Bi0007.

Pending Purchase Order:

Company: Strem
Product: Samarium-154
Catalog number: 93-6235
CAS: 7440-19-9
Quantity: 700 LBS

Company: X (Recommendation or recommendations accepted from The United States of America Department of Defense or Ives Aerospace Consultant L.L.C. will research and purchase below product for Ar-36)

Product: Argon-36
Quantity: X (To be determined based on ratio plus purchase agreement)

Ives Aerospace Consulting L.L.C. Potential Hiring:

Ives Aerospace Consulting L.L.C. may choose to hire, or not hire, based upon whether The United States of America Department of Defense assists in creation of the Ion Bomb compared to receiving an end product or products only.

Fallback Employees to Hire:

25 - Associates - Level 0 up to $75k annually
50 - Senior Associates - Level 1 up to $150k annually
100 - Manager - Level 2 up to $350k annually
80 - Senior Manager - Level 3 up to $650k annually
40 - Director - Level 4 up to $1M annually
20 - Senior Director - Level 5 up to $2M annually
1 - Vice President - Executive Leader - up to $4M annually
1- President - Executive Leader up to $8M annually
1 - Chief Executive Officer - Executive Leader up to 20M annually

Owner: Brandon Mother Fucking Ives

Employee annual bonus structure:

Bonus of up to 25% level 0,1
Bonus of up to 75% Level 2, 3
Bonus of up to 100% Level 4, 5, Vice President, President, Chief Executive Officer

PTO - 2 weeks minimum up to 5 weeks negotiated at each level 0-5.

Director, Senior Director, President, and Chief Executive Officer receive up to 10 weeks of paid time off maximum.

Annual Raises:

Up to 15% base pay increase for level 0,1,2,3,4,5, Directors, Senior Director, Vice President, President, Chief Executive Officer, if no promotion based on direct level annual review above or owner recommendation.

Promotion: Only at annual review with base pay being increased automatically by 40% for levels 0-5, Director, Senior Director, Vice President, President, and the Chief Executive Officer with owner approval needed for Leadership promotion and Executive Leadership promotion.

Leadership: Consisting of the Director level, level 4 and the Senior Director level, level 5.

Executive Leadership: Vice President, President, and Chief Executive Officer.

<Ionic/Bombs3 She Bang>.
